LPCC MEETUP

HOW TO MAKE BUSINESS ON SPACE MINING

We invite you to participate in our Monthly MeetUp on Thursday, 28th March at 18:30 at The Office (Boulevard Grand-Duchesse). The subject of this meet-up will be "How to make business on space mining?"

We will present In-Space Services SARL, our Polish corporate member who just opened a holding company in Luxembourg. This company is operating in the space industry and focuses on the development of turnkey solutions in the areas of laser communication in order to deliver innovative technologies to support deep space exploration.

The goal of the incoming Meet-up is also to promote the LPCC's Space Mining Conference on 10th October 2019 in Warsaw.

Are you not an expert in space mining?

No worries, we'll start with a short presentation 'Space mining for dummies'

Inna Uwarowa, graduate from the Warsaw University of Technology, where she completed her master, specializing in space systems engineering. Since 2015 she has been a business development manager at Future Processing and a part of technical authority at FP Space consortium. Currently she's leading In-Space Services – a space company based in Luxembourg.
